

SoundFrame Custom “Art Grille” Option

Imagine!

Imagine your SoundFrame grille cloth depicting a favorite work of art, a cool image from an internet site, a favorite family vacation photo, or a treasured picture of the kids! Choose the image you wish to transfer and the SoundFrame “Art Grille” is literally transformed into a framed picture on the wall of your home.

Interior designers or clients will be able to email any high-resolution image for application to our SF1/SF2 acoustic fabric grille cloth. Our custom "Art Grille" will ship anywhere in North America or the Caribbean. Imagine, the image is of your choosing...an unlimited selection!

Print Process

The SoundFrame “Art Grille” printing process involves the use of a unique grill fabric which strikes a balance between being porous enough to allow the full spectrum of sound to pass through, while still offering sufficient density for ink to adhere and portray a clear and detailed visual image. Because the image is printed on grill cloth, colors and image intensity may vary from the PDF of your submitted electronic proof of approval and your final printed custom grille.

Ordering Process

All “Art Grille” orders are to be placed directly with our designated printing shop:

- Email Print New Hampshire’s customer service department at print@printnh.com
- Type “SoundFrame” in the Subject line of the email.

- Indicate in the body of the email which model SoundFrame you own (SF1 or SF2) as well as the total number of each model grill you wish to purchase.
- Print NH will then contact the sender with specifications and requirements for the image(s) and indicate which way is best to send them.
- Upon receiving the images(s), Print NH will send a proof to view and make any changes if necessary, and then handle the approval process.

Note: While a modest amount of design time is part of the ordering process, special requests requiring additional design time will be quoted and billed to the client.

Payment Process

The availability of SoundFrame Custom “Art Grille” is a service offered independent of Monitor Audio, our sales agents, and our dealers.

Print NH will handle all aspects of the “Art Grille” transaction to insure that the process is both seamless and professional. For this reason, the entire approval and payment process takes place directly between the client or the client’s appointed interior design consultant and Print NH.

Shipping Process

Once the final image is approved Print NH will transfer the image to the grille, double-box and ship by Federal Express in approximately one week.

Please be aware the \$195 "Art Grille" price excludes any additional design work requested of Print NH, and it does not include shipping charges to the client. There may also be duties or fees required of clients whose shipping address is outside the US for which neither Kevro or Print New Hampshire is responsible.
